WELCOME
TO YOGYAKARTA

Invitation to Participate

Dear Colleagues,

Some complications of anesthesia either end with fatal or near fatal conditions. New techniques and devices keep appearing to overcome those issues, thus, we need to upgrade and educate ourselves.

“Anesthesia Beyond Tomorrow” will be the main theme of our upcoming performance meeting “7th Symposium on Anesthesia Complication (7th SOAC)”, which will be held in June 2024. We will also bring you The 11th Indonesian Society of Pediatric Anesthesia and Critical Care simultaneously, which theme is **“Excellence in Pediatric Anesthesia Care: Reaching Beyond Safety”**. These meetings containing various scientific topics are designed to emphasize the importance of this essential part from early detection to manage this complication other than we will also hold various workshops. The topics will be presented by highly competent speakers from many parts of Indonesian Hospital or Faculty so that we will all be able to have experiences and knowledge on recent advances in the field of anesthesia and other evidence-based discussions. We strongly suggest that 7th SOAC in conjunction with 11th ISPACC is the best event for improving knowledge and skill development beyond the anesthesia – intensive therapy field.

We are sure that you will enjoy your stay in Yogyakarta. We look forward to meet you in Special Region of Yogyakarta.

Chairwoman

Dr. dr. Juni Kurniawaty, Sp.An-TI, Subsp.An.AKV(K)

A photograph of a scientific symposium. A woman in a blue hijab and white shirt is speaking at a podium. Behind her is a large screen displaying the text "Resuscitation Care". The audience is visible in the foreground, seated at tables.

SCIENTIFIC SYMPOSIUM

10+ symposium topics revolving around “Anesthesia Beyond Tomorrow”, including special topics about Omnibus Law, with notable speakers from all across Indonesia.

A photograph of a medical and scientific exhibition. A man in a dark shirt and green face mask is holding a brochure. In the background, other people are looking at various medical equipment and displays.

MEDICAL & SCIENTIFIC EXHIBITION

Scientific exhibition including the latest technologies, equipment for clinical management & pharmaceutical products and literature.

A photograph of a workshop or hands-on training session. Two men are working with medical equipment, including a monitor and a device with a probe. One man is wearing a blue shirt and glasses, and the other is wearing a patterned shirt and a white face mask.

WORKSHOPS & CPD

13 various workshops to enhance your skill.....

ACTIVITIES AT A GLANCE

E-POSTER COMPETITION

Participants are invited to submit E- poster and abstract which should be written in English presentation and sent before the deadline. E-poster is only for 7th SOAC registered participants and will not be processed until the registration fee has been received and acknowledged.

SPORTS EVENTS

Badminton Tournament
Mini Soccer Tournament
Tennis Tournament

GALA DINNER

Various social activities including sports competition, Gala Dinner and Alumni Meeting.

08.40 - 09.10	Implikasi Praktik Kedokteran dalam Era Pengesahan UU Kesehatan OMNIBUSLAW <i>dr. Amelia Martira, Sp.An-TI, SH - Jakarta</i>
09.10 - 09.20	MORNING COFFEE BREAK
	SYMPOSIUM 1
	Pain and Palliative Management <i>Moderator: dr. Farhan Ali Rahman, Sp.An-TI, FIP - Yogyakarta</i>
09.20 - 09.40	Pediatric Acute Pain Management revisited <i>dr. Heru Dwi Jatmiko, Sp.An-TI., Subsp. AP, Subsp. AKV(K) - Semarang</i>
09.40 - 10.00	Chronic Pain Management and Peripheral Nerve Block in Pediatric <i>dr. Rahendra, Sp.An-TI, Subsp An. R., Subsp. An. Ped.(K) - Jakarta</i>
10.00 - 10.20	End of Life Care in Pediatric <i>Dr. dr. Johan Arifin, Sp.An-TI., Subsp. An. Ped(K) - Semarang</i>
10.20 - 10.30	Discussion
	SYMPOSIUM 2
	Neonatal Anesthesia <i>Moderator: dr. Irada Imaniar, Sp.An-TI - Yogyakarta</i>
10.30 - 10.50	New Evidence of Neurodevelopmental Influence in Neonatal Anesthesia <i>dr. Yunita Widyastuti, Sp.An-TI., Ph.D, Subsp. An. Ped(K) - Yogyakarta</i>
10.50 - 11.10	Hernia Diafragmatica Congenital Anesthesia Management in Neonatal and Infant: What's the Difference <i>dr. Gezy Weita Giwangkancana, Sp.An-TI - Surabaya</i>
11.10 - 11.30	Management of Anesthesia in Patient with Congenital Heart Disease <i>dr. Cindy Elfira Boom, Sp.An-TI., Subsp AKV, Subsp. An. Ped.(K) - Jakarta</i>
11.30 - 11.40	Discussion
11.40 - 12.30	ISHOMA
	SYMPOSIUM 3
	Airway Management and Problems <i>Moderator: dr. Irham Hanafi, Sp.An-TI - Yogyakarta</i>
12.30 - 12.50	One Lung Ventilation in Pediatric <i>dr. Heru Dwi Jatmiko, Sp.An-TI., Subsp. AP, Subsp. AKV(K) - Semarang</i>
12.50 - 13.10	USG to Assess Patient with Difficult Intubation <i>dr. Rudy Vitraludyono, Sp.An-TI., Subsp. An. Ped.(K) - Malang</i>
13.10 - 13.30	Prevent Complications after Tonsillectomy and Airway Surgery <i>dr. Elizeus Hanindito, Sp.An-TI., Subsp. An. Ped.(K) - Surabaya</i>
13.30 - 13.40	Discussion
	SYMPOSIUM 4
	Fluid and Resuscitation <i>Moderator: dr. Rifdhani Fakhruddin, Sp.An-TI - Yogyakarta</i>
13.40 - 14.00	EWS for Pediatric Critical Assesment <i>dr. Ezra Oktaliansyah, Sp.An-TI, Subsp. IC., Subsp. An. Ped - Bandung</i>
14.00 - 14.20	The Art of Intravascular Access in Neonatal and Infant (PICC, CVC) <i>dr. Lucky Andrianto, Sp.An-TI, Subsp. An. Ped - Surabaya</i>
14.20 - 14.40	Perioperative Nutrition for Better Outcome in Surgery <i>Dr. dr. Arie Utariani, Sp.An-TI, Subsp. An. Ped.(K) - Surabaya</i>
14.40 - 14.50	Discussion
14.50 - 15.10	AFTERNOON COFFEE BREAK
	SYMPOSIUM 5
	Non Operating Room Anesthesia <i>Moderator: dr. Meta Restu Synthana, Sp.An-TI, Subsp. AKV(K) - Yogyakarta</i>
15.10 - 15.30	Needle-less Sedation in Children: is it possible? <i>Angela Yeo - KK Children Hospital, Singapore</i>
15.30 - 15.50	TCI in Children with NORA <i>dr. Yunita Widyastuti, Sp. An-TI., Subsp. An. Ped.(K) - Yogyakarta</i>
15.50 - 16.10	NORA in Patient with Difficult Cases <i>dr. I Putu Kurniyanta, Sp.An-TI, Subsp. An. Ped.(K) - Bali</i>
16.10 - 16.20	Discussion
16.20 - 16.40	Closing Day 1 ISPACC

Scientific Meeting 2nd Day Program, June 29, 2024	
TIME	TOPIC ISPACC
	EXCELLENCE IN PEDIATRIC ANESTHESIA CARE : REACHING BEYOND SAFETY

E-Poster Guidelines

MANUSCRIPT GUIDELINES

General Text Guidelines

- Manuscript must be an original composition.
- Manuscripts must have never been published before and only addressed to the committee.
- The copyright of all contents of the published manuscripts is transferred to the committee.
- All statements in the manuscript are under the responsibility of the author.
- Manuscripts are written in accordance with applicable Indonesian language rules.
- All medical terms written in standard Indonesian terms wherever possible.

Form of Text

- The manuscript is typed in Arial 11 letter, 1.5 spaces, 2.5 cm apart between the edges of the paper, A4 paper size (210 x 297 mm).
- The manuscript of a research result should not exceed 20 pages.
- The case report should not exceed 15 pages.

Completeness of The Text

- Manuscripts are arranged in the following order: 1) title and author; 2) abstract and keywords (Indonesian and English); 3) contents; 4) bibliography; 5) tables and pictures (with information).
- Authors should also keep copies of all the manuscripts.

Title and Author

- The title of the manuscript is written briefly and does not use abbreviations, not more than 14 words.
- The author's name is written complete with academic degree, name of department and institution.

Abstract and Keywords

- Abstract is written in the form of a paragraph accompanied by 5 keywords, in Indonesian and English.
- The abstract of a research result is written in no more than 250 words containing: 1) the main introduction; 2) subjects and methods; 3) most important results; 4) main conclusions.
- The abstract of a case report is written in no more than 200 words containing: 1) an overview of the case; 2) management / therapy; 3) successful / failure of management.

Content of The Text

- The contents of a research paper: 1) introduction; 2) method; 3) results and discussion; 4) conclusions and suggestions.
- The contents of a case report: 1) introduction; 2) case; 3) discussion; 4) conclusion.

1) Introduction: Definition / meaning or limitation of the topic raised (background, uniqueness or specificity so as to choose the case, the purpose of the case to be reported, brief but clear).

2) Case:

- a. Full identity of the pseudonym.
- b. History, physical examination, supporting examination, assessment.
- c. Management.
- d. Observation of management, result of management (successful / failure).
- e. Brief and complete, mainly displayed data that corresponds to the case problem.

3) Discussion:

- a. Discuss diagnosis and case management.
- b. Discuss the gap between the theory and the actual that is related to the result of management (successful / failure), difficulty, whether or not it is in accordance with the theory, compare it with other literature or other theories.

4) Conclusion: Summarizing the results of the discussion, including suggestions that need to be put forward.

- Unusual abbreviations and footnotes are not permitted.
- Inclusion of bibliography numbers, figure numbers and tables are arranged according to the order in which they appear in the text.
- Use Arabic numerals written in superscript to refer to the bibliography.

Tables & Pictures

- Tables and figures are presented in separate sheets and the location has been stated in the text.
- Each table is numbered and a title is placed on the table.
- Each abbreviation in the table is annotated in the form of a footnote under the table.
- Each picture is numbered and a title is placed under the picture.
- Descriptions in figures and tables must be informative enough, so that they are easy to understand.

Statistic Method

For research results, the statistical method used must be explained and for the rarely used methods must be explained in detail and given a reference information.

Bibliography

- Bibliography is arranged in accordance with the provisions of Vancouver, preferably the most recent references in the last 5 years not more than 30 copies.
- References are numbered according to the order in which they appear in the text.
- Avoid using abstracts and personal communications, unless absolutely essential.
- Journal names are abbreviated according to those listed in the Index Medicus.

Example of Writing Reference List

Journal articles

1. Articles in standard journals

Include "et al." when there are more than six authors.

Parkin DM, Clayton D, Black RJ, Masuyer E, Fried HP, Ivanov E, et al. Childhood Leukemia In Europe After Chernobyl: 5 Years Follow Up. British Journal of Cancer. 1996; 73: 106-12.

2. Organization as a writer

The Cardiac Society of Australia and New Zealand. Clinical Exercise Stress Testing: Safety And Performance Guidelines. Medical Journal of Australia. 1996; 164: 282-4.

3. No author's name anpa nama penulis

Cancer In South Africa (editorial). South Africa Medical Journal. 1994; 84: 15.

Books and monographs

4. Individual authors

Ringsven MK, Bond D. Gerontology And Leadership Skills For Nurses 2nd Ed. Albany (NY): Delmar Publishers. 1996.

5. Editor as author

Norman IJ, Redfern SJ, editor. Mental Health Care For Elderly People. New York: Churchill Livingstone. 1996.

6. Organization as a writer and publishing house

Institute of Medicine (US). Looking At The Future Of The Medicaid Program. Washington (DC): The Institute. 1992.

7. Chapters in books

Philips SJ, Whisnant JP. Hypertension And Stroke. In: Laragh JH, Brenner BM, editors.

Hypertension: Pathophysiology, Diagnosis And Management 2nd Ed. New York: Raven Press. 1995; p465-78.
